## ARRANGE MEETING NEXT SUNDAY FOR NEAR EAST RELIEF

Churches Of City To Unite  
For Meeting In Grand  
Opera House.

DR. HUELSTER WILL  
TELL OF CONDITIONS

Special Feature Will Be  
Showing Of Film Taken  
In Near East.

At a union meeting in the Grand opera house Sunday evening, Dr. E. W. Huelster of Cleveland will speak on the subject "The Crucifixion of a Nation."

Dr. Huelster, who is Ohio director for Near East Relief, spent last summer in Constantinople and Armenia and he gives a first hand report of conditions as he found them there. Churches of the city will unite for this meeting and no church service will be held that evening. Arrangements are being completed by Rev. J. P. Harman, pastor of Trinity English Lutheran church, who announced Tuesday that W. P. Davis will be chairman of the meeting.

A special feature will be the showing of a film, "Alice in Hungerland," taken by the commission of which Dr. Huelster was a member. This moving picture tells graphically what the needs of the Near East are and what America has done to improve the suffering there.

The first showing will be at 6 p. m. at a meeting for children only. The session for adults will begin at 8 p. m.

District Director Here  
Harry Robertson of Kenmore, district director of Near East relief work in Salem Tuesday evening plans for the relief work here. No clubs or organizations will be asked for donations, the only means of raising funds being by subscription cards which will be passed through the audience at the theater Sunday night.

"There is no possibility of exaggerating the situation in the Near East," said Dr. Huelster in a recent address. "The suffering and degradation are indescribable. One hundred thousand orphans who have been gathered into the Near East relief orphanages form the only bright spot in those countries. America has made these homes possible and now America must not withdraw her support."

"Limited funds have already made it necessary for four children in the orphanages to occupy little beds intended for only one. Recent cuts in appropriations due to decreased contributions will result in turning out 25,000 of the children we have already rescued."

"An emergency committee of prominent American women is now at work to make good the deficit on these boys and girls who remain in the only homes some of them have ever known."

## MOTOR FOR CHEMICAL WAGON NOT ACCEPTABLE CITY INFORMS COMPANY

A telegram notifying the Robinson Fire Apparatus Co., at Buffalo, that motor for the chemical wagon at the fire department, which arrived Saturday, does not live up to specifications and it is not acceptable, was sent Tuesday by Safety Director A. H. Chaffin, following an inspection by three mechanical engineers of local factories who were called in to pass judgment.

Defects in the motor construction were noted and every indication pointed, according to their judgment, to the fact that it is not new. The specifications call for a new motor. The motor will be kept here pending word from the company as to whether another will be shipped.

## Troop 7 Scouts Pass First Test, 3 Given Honors

Seven Boy Scouts of Troop 7, chartered one month ago at the Christian church, Monday night were presented by Scoutmaster, Parky Lowell and Assistant Scoutmaster Lewis McMillan for the investiture ceremonies in the Tenderfoot class which was conducted by Rev. H. L. Meyer, chairman of the troop committee.

In recognition of having been the first to pass their tests and to have maintained leading positions in the work of the new troop during the month three scouts were given offices as follows: Raymond Cason, senior patrol leader; Kenneth Kelley, junior patrol leader; and Herbert Bush, scribe.

Others invested with the Tenderfoot badge are Herbert and Glenn Arnold, John and Paul Berry, John and Orville Hoffman, Clarence and Franklin Davidson, Gus Tolbert, Ray Snyder, William Lloyd, Raymond W. Henry, Roy and Sterling McCullough. Twenty scouts are now enrolled in Troop 7.

## 38 Boys, 27 Girls Will Be Graduated

Put Bonus Up  
To Harding

Washington, May 2.—Unable to reach an agreement, Republican members of the senate finance committee decided today to put the whole bonus situation up to President Harding again.

A majority of the Republican committee members were understood, however, to favor the McCumber plan, which provides for material modification of the house bonus bill. They expressed their hope that the new plan would meet the president's approval.

## HARDING TO HALT COAL MINE STRIKE

Plan Of Action Involves  
Inducements From  
Government.

Washington, May 2.—Unless the coal-strike is amicably settled within the next month, President Harding backed by all the powers of the government, will act to end the now month-old controversy, it was learned authoritatively today.

The strike situation, the president is said to feel, is not today sufficiently acute to warrant governmental intervention but continuance of the mine paralysis three weeks or a month at the outside probably will necessitate his stepping into the breach.

With Secretary of Commerce Hoover and other of his cabinet officers, the president has concluded a plan for curing the periodically strike-diseased coal industry. The plan, it was learned today, does not contemplate harsh measures with either the operators or striking miners.

Offers Inducements  
Rather it involves the offering of inducements by the government to encourage greater summer production of coal as the best obtainable means of stabilizing the industry.

Furnish greater storage facilities through the instrumentality of government loans if necessary.

Lowering of freight rates on coal during the summer months. To accomplish these remedies, the president, if called upon to act in the interest of the public, will suggest a joint conference sanctioned by the government and relieved by the presidential call of any possible stigma of violation of law.

While the president is busy working out details of his plan for the settlement of the pending strike, the house labor committee continued today its work of framing legislation designed to prevent future coal strikes.

Representative Bland of Indiana, sponsor for the measure creating a federal coal fact-finding agency, today suggested to the committee inclusion in his bill of a provision which would require court backing to any penalties the agency might impose on coal operators refusing any information which was sought.

## TEST OF FIRE PUMPER PROVES SATISFACTORY

The first speed test demonstration of the American-LaFrance pumper which was purchased by the city at a cost of \$15,000, including equipment, was held Tuesday morning by Fire Chief Bolen and a representative of the factory, and proved satisfactory.

On paved streets the pumper attained a high rate of speed, holding the road without swaying. The pumper is capable of attaining a speed of nearly 55 miles an hour.

The water pumping qualifications of the fire fighting apparatus will be tested some time this week and other tests completed to determine exactly if the pumper lives up to the specifications under which the contract was awarded.

## STRIKE TIES UP CAR SERVICE ALONG RIVER

Car service of the Steubenville, East Liverpool and Beaver Valley Traction Co. is tied up Tuesday in Columbiana county as the result of the strike of employees upon refusal of company officials to accept the men's proposition.

No cars are running in East Liverpool or on company lines in Columbiana county despite the court order issued at Lisbon directing the company to continue to operate cars in Columbiana county.

The company has threatened to secure men to take the places of the striking union men if they do not return to work by Wednesday. No violence has been reported.

## FIVE STRIKES CALLED SAME DAY; BUILDING INDUSTRY IS TIED UP

East Liverpool, May 2.—Failure to renew old wage scales caused five strikes here today.

Carpenters, bricklayers and plasterers walked out, crippling the building trade industry. Tentative agreements were reached between employers and electricians and painters.

Strikes were declared in six of the 14 bakery shops in this district. Eight employers renewed old contracts. One hundred and fifty street carmen struck when the Steubenville, East Liverpool & Beaver Valley Traction company refused to recede from its refusal to negotiate a new wage agreement with the union.

## Receive Road Map Listing Detours

D. W. Davis, secretary of the Salem Automobile club, has just received from Leon C. Herrick, state director of the highways, a new map and bulletin listing all detours in effect at present on all the roads in the Ohio interstate highway system.

Motorists desiring information of this kind are requested to call at the Auto club offices in the Chamber of Commerce rooms. The information given out about road conditions is an important part of the service extended by the Auto club to its members.

## BANQUET CONTEST WINNERS

At the close of the first period of the church school attendance contest of the A. M. E. Zion church, the "Elites" were the winners and they will be banqueted at the church Friday night by the "Reds." All members may attend this affair. A program of music and readings will be given. Next Sunday will mark parents day at this church and all parents are urged to attend.

## MOYE ORATIONS WANTED

Although the Brooks literary contest was closed last week, it is open again this week for orations because there were only a few orations submitted. Others are expected by the end of this week. The other entries, it is stated, are well represented and the judges will start to work immediately.

## WINS SPEAKING HONORS

Miss Frances Stratton, daughter of Mr. and Mrs. E. P. Stratton, this city, won first honors in a speaking contest conducted by the Friends boarding school, Barnesville, Saturday night. Miss Stratton is a member of the graduating class this year.

James Edgerton, Winona, and Alice Thomas, Harrisville, were awarded second and third honors, respectively.

The judges were L. J. Taber, Columbus; Miss Mary Conow, Muskingum; and D. C. Bundy, Barnesville.

Prettiest Bride Will Give  
Joffre Statue.

Maxine Brown, said by President Harding to be the "prettiest bride in the world," will present Marshal Joffre, hero of the Marne, a miniature of the Statue of Liberty.

## Pastors Vote Approval Of Vice Crusade

Bid Safety Director And  
Mayor Go Forward In  
Law Enforcement.

Resolutions of approval were enacted at a meeting of the Salem ministerial association Tuesday morning, showing the appreciation of the church workers of the city of the stand taken by Mayor John W. Post and Safety Director A. H. Chaffin against law violators of Salem and vicinity. Resolutions were mailed to these officials reading as follows:

"We, the members of the ministers association of this city, desire hereby to express our sincere approval of your efforts in cleaning up our city and suppressing violators of the law."

"While there may come threats and abuse from the lawless, we believe we bespeak the sentiment of all right-minded and law-abiding citizens, when we bid you go forward in the full discharge of your duty and assure you of our deep appreciation and united support."

Also, as pastors of the churches of this city, we promise to seek to stir up among our different congregations, a greater interest in and devotion to civic righteousness and encourage our people to give definite help to the officials charged with the administration of our city's government."

## WANT U.S. RECOGNITION OF IRISH FREE STATE

London, May 2.—The United States may be invited to recognize the Irish Free State as an independent nation, according to a report received here today from a British intelligence officer in Ireland.

## Mock Arrives To Direct Legion's Musical Comedy

One of the brightest comedies the Casino theater, New York, ever housed will be presented in Salem May 16 and 17 at the Grand theater. The show is called "All Aboard" and is to be shown here under the auspices of Charles H. Carey post No. 55, American Legion.

W. B. Mock, representing the John B. Rogers producing company, arrived in Salem Monday and the first rehearsal was held that evening at the Legion rooms.

Mr. Mock will have full charge of staging this performance and will remain in Salem until the entertainment is over.

Rehearsals will be held each evening at 7:30 at the rooms. It is desired that all persons eligible come to the practice Tuesday evening as some of the leading parts in the play have not been assigned. Orrin McArthur is chairman of the talent committee.

Miss Frances Stratton, daughter of Mr. and Mrs. E. P. Stratton, this city, won first honors in a speaking contest conducted by the Friends boarding school, Barnesville, Saturday night. Miss Stratton is a member of the graduating class this year.

James Edgerton, Winona, and Alice Thomas, Harrisville, were awarded second and third honors, respectively.

## SALARY INCREASE GRANTED PUBLIC SCHOOL TEACHERS

High School Teachers Get  
\$75, Grade Teachers  
\$40 a Year.

AFFECTS THOSE NOT  
RECEIVING MAXIMUM

Increase Will Mean \$2,700  
Extra, Three Percent  
Of Payroll.

Salary increases of \$40 a year for grade teachers and \$75 a year for high school teachers, were granted Monday night by the board of education to take effect with the beginning of the 1922-1923 school year. This action affects all teachers in Salem public schools not receiving the maximum of \$1,200 a year for elementary grades and \$2,000 in the high school. It will be an increase of less than three per cent of the total payroll for teachers and will be approximately \$2,700 a year extra, bringing the payroll total to about \$89,700.

Six teachers in addition to the present staff will be required at an estimated cost of \$9,000, bringing the payroll to \$98,700.

Salary increases were granted for length of service and not for merit as is practiced in a number of schools. The minimum of \$800 a year in elementary grades is somewhat smaller than that granted in other schools.

The possibility exists that several of the teachers now receiving near the maximum may resign. This will decrease the payroll to some extent, probably about \$1,000.

With the salary increase the amount of the teachers' payroll in Salem is about on par with payroll of other cities of the same size or a little larger.

Previous to the action of the board, Supt. J. S. Alan, through a questionnaire sent to several schools, was informed that in many instances increases were being granted teachers and in no cases were salaries being cut. The majority of schools had approached the maximum it was learned.

## CHAUTAUQUA IN THIS CITY AUGUST 13-19

Tentative Dates Set For  
Program By Redpath  
Entertainers.

August 13 to 19 is the tentative date of Salem's chautauqua, to be put on by the Redpath company. A meeting of the local committee will be called soon to organize for this year.

A general idea of the many fine attractions already secured for the Redpath program is found in the following:

Following the usual custom of making the opening day one of the longest, there will be offered Edward T. Bailey, Californian, in his live-wire lecture, "All Aboard!" With him as an opener will be ably grade quartet.

John B. Ratter, prince of impersonators, will feature humorous character studies, a patriotic review and a musical pageant, all with make-up on the second day. He will have the cooperation of the Metropolitan orchestra, a Chicago company of girl musicians.

Bringing city and country into closer and therefore more profitable touch, will be the task of Charles G. Jordan, "dix farmer," lecturer and speaker extraordinary. He will lecture on "The New Temple Fund."

## STARK CARMEN ACCEPT FIVE-CENT WAGE CUT

Alliance, May 2.—Representative of the street car men and officials of the Stark Electrical Railway Monday reached a wage agreement to take the place of the contract which expired May 1.

The new scale provides for a maximum hourly pay of 53 cents and a minimum of 45 cents for the in-car men and 47 cents and 42 cents for city line employees.

This is a reduction of five cents a hour.

At an executive committee meeting of the Legion Monday evening plans were considered for observing this day and the Legion is emphasizing that on Mother's day every ex-service man go to church with his mother, if she is living.

A joint committee from the Legion and auxiliary will arrange a program for that day to be given at 3 p. m. at the rooms on Broadway.

## City Cleanup Campaign Will Start Monday

Work Will Start In Fourth  
Ward In Charge Of The  
Service Director.

Salem's annual spring cleanup campaign will start next Monday and will continue until every bit of rubbish, garbage and all unsightly objects are removed.

Service Director Bristol will have charge of the work which will start in the Fourth ward and continue in each preceding ward.

A nominal charge will be levied to defray expenses of hiring trucks and men to haul away the refuse.

Every street within the corporation line will be visited by the trucks. Residents are asked by the city department to place their rubbish on the curb in front of their homes the day before the trucks start cleaning their ward.

A public dumping ground has been provided by the city and no other place will be used.

Mayor Post, health authorities and other city officials are back of the movement to clean up Salem. The cleanup campaign, according to their opinion, does not mean the removal of garbage, but the removal of all unsightly objects which detract from the beauty of the city.

The city, said one official, will haul away all rubbish placed in front of homes at a nominal charge provided it is placed in containers. No restriction as to the amount is made as officials figure the more rubbish hauled away the better sanitary conditions will be derived.

## EASTERN STAR PLAN ANNUAL INSPECTION

Salem chapter No. 334, Order of the Eastern Star, has been invited to a party to be given by Leontonia and Columbian chapters Wednesday, May 12 at Southern park, Youngstown.

This invitation with cars from the Lisbon chapter to attend its annual inspection on Friday evening, May 19 were read at a session Monday evening at Masonic temple.

The annual inspection of Salem chapter will be Monday evening June 5, and instead of having a banquet with this event, the usual custom, the chapter will give \$100 to start the new temple fund.

## CONVERTED JEW COMING

Max Reich, Philadelphia, is expected to attend Salem Quaterly meeting of Wilbur Friends Saturday, May 13.

Mr. Reich is a converted Jew and a member of Philadelphia year meeting. Since the war he has traveled in Germany.

## GO TO CHURCH WITH YOUR MOTHER, LEGION URGES

Salem's observance of Mother's day Sunday, May 14, will be out of the ordinary this year if efforts now being made by Charles H. Carey post No. 55, American Legion, working with its auxiliary, are carried out. In past years only the churches have observed the day, with some special feature at the morning service.

At an executive committee meeting of the Legion Monday evening plans were considered for observing this day and the Legion is emphasizing that on Mother's day every ex-service man go to church with his mother, if she is living.

A joint committee from the Legion and auxiliary will arrange a program for that day to be given at 3 p. m. at the rooms on Broadway.

## ADDITIONAL ROOM NEEDED FOR HIGH SCHOOL STUDENTS

Congestion Demands Action  
Next Year In Opinion  
Of School Board.

SEVERAL PROPOSED  
PLANS CONSIDERED

May Ask Voters' Sanction  
To Build Two Wings To  
Present Building.

Salem board of education may find sufficient room to quarter high school students and adds by the regulations of the educational laws or face the possibility of being eliminated from membership in the North Central Association of Colleges and Secondary schools, according to a second warning served on the board.

The order of the North Central association compels all schools to have not more than 25 high school students to a room. Violation of this order means dropping of schools from membership and forcing graduates to take examinations before entering colleges instead of being allowed to enter on their graduation certificate.

Action Required Next Year  
Practically all colleges of Ohio which Salem high graduates attend are members of the association.

The consensus of opinion of the board is that action will have to be taken not later than next year to relieve the congested condition of the school which has reached a point where every available inch of school room is being utilized for study rooms and for recitation purposes.

Salem has an average of 32 students in each room of the high school. Two other schools in the state have more students per room than Salem and those schools face the same danger that is threatening the local school. The majority of schools in the larger cities have from 18 to 25 students per room.

Several plans have been considered by the board of education to relieve the congestion but no action has been taken. The most prominent of the plans are:

Several Plans Proposed  
Building additions to the school by placing wings in the northeast and southeast of the building, each wing to provide two extra rooms.

Institution of the shift plan in the Senior class by having students go to school half a day and study at home.

Purchase of portable schools to be placed on the school lawns.

Elimination of foreign pupils, that is, those residing outside the city, thus decreasing the attendance by more than 100.

Statistics brought forth show that the attendance increase in the high school has been over 100 per cent in six years while in the elementary grades the increase has only been a little over 10 per cent in the same period.

In 1916 when the new high school was opened the attendance was 250 students. In six years the attendance has increased to approximately 550.

This condition, according to school authorities, is accounted for in the new state law which compels students to attend school until they are 18 years of age. The acceptance of foreign students is another important factor which has added to the congested condition as there are 150 students from rural sections and small towns surrounding Salem attending the local school.

The possibility exists that foreign students may not be accepted here. While school authorities are loath to enforce such an order, the possibility is such that additions will be necessary or some other method found to relieve the present situation. Foreign student pay tuition and the money, according to school authorities, is needed in maintaining the standard of the school.

To purchase portable buildings would mean an expenditure of \$200 for each building. This arrangement would be a makeshift affair and could serve temporarily and in the end, according to the opinions advanced, would be a waste of money as conditions in the building are such that students are in discomfort and are unable to devote their attention to school work.

Some schools in other cities solve the congestion problem by operating under the shift plan. This plan has been tried in Youngstown and other cities and reported unsuccessful.

Six Extra Rooms Needed  
Six extra rooms to quarter classes will have to be found next year in compliance with the law requiring not more than 25 students to a room. This will mean the hiring of six more teachers at a salary of about \$2,500.

Practically every bit of school space is being used and to find room it will be necessary to eliminate the school dining hall, have recitations in the mechanical department sections and probably use the school library and the board of education room for school purposes. Even this arrangement, school heads say, will not provide sufficient space.

It is probable that the board of education will ask Salem people to authorize additions to the new high school building to relieve this condition.

the coming summer, to eliminate breeding places for flies and mosquitoes, the people of Salem should be called upon to observe Clean-Up Week by thoroughly cleaning and fumigating their premises, getting rid of all rubbish, cans, ashes and the like.

The News is certain that many residents are awaiting that call. In this movement there should be co-operation between the service director, board of health and Chamber of Commerce. And the Kiwanis and Rotary clubs also might be of some service in making it a systematic cleanup campaign.

## 20 YEARS AGO

(Issue of May 2, 1912.)

The Salem Gun club opened the shooting season Thursday afternoon by holding a medal contest. John Kusi got the medal for killing 23 out of 25 blue rocks.

## SINGLE ACRE PRODUCES 24 ACRES OF TOMATOES

Ohio soils, the first in the middle west to have been put to truck crops can still be made to bring as high as 24 tons of tomatoes to the acre, if they are fertilized without stint.

This yield has been made on the farms of the Ohio State university according to a new soil pamphlet, "Fertile Practices for Cabbages Crops," which was issued May 1. The experimental field returning this yield received 16 tons of phosphate manure to the acre, 600 pounds of acid phosphate, 490 pounds of sulfate of ammonia, and 160 pounds of muriate of potash. Where the potash was left out, the yield was 24½ tons to this acre; with the ammonia also out, 21 tons; with nothing in but the phosphate manure 20 tons.

On this experimental evidence Robert B. Dustrich, the soil specialist, writing the pamphlet, bases his statement that tomatoes are likely to repay heavy fertilization. Also, he quotes comparative yields on sweet corn areas, variously fertilized to show that this crop responds similarly to fertilization, particularly on phosphate fertilization.

The bulletin further considers the fertilizer requirements of peas and beans, where leguminous bacteria must go with the nitrogen and potash that supplements the phosphorus; of cabbage and squash, where nitrogen is of prime necessity; and of root crops, which need readily available complete fertilizers, high in nitrogen.

Apart from yield increases, it is said, fertilization tends always to improve quality and to induce earliness of maturity.

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenru, the sure conquerer of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvellous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiless and where the patient was helpless.

Mr. James H. Allen of Rochester, N. Y., the discoverer of Allenru, who for many years suffered the tortments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. All druggists can supply you.

## DELAYED HONORS FOR RICHARDSON

COMMANDER OF AMERICAN  
FORCE IN NORTH RUSSIA FI-  
NALLY IS GIVEN HIS MEDAL.

### PERFORMED DIFFICULT TASK

Secretary of War Weeks Takes Oc-  
casion Also to Allude to This Of-  
ficer's Remarkably Valuable Engi-  
neering Work in Alaska.

By EDWARD B. CLARK

Washington.—In the office of the  
secretary of war a day or two ago,  
Col. Wilds P. Richardson, who held  
the rank of brigadier general during  
the great war, and who was the com-  
mander of the American troops at  
Murmansk and Archangel, North Rus-  
sia, toward the end of the year 1918  
and in the subsequent fighting between  
the allies and the Bolsheviks, was de-  
corated with the Distinguished Ser-  
vice Medal of the United States.

In presenting the medal Secretary  
of War Weeks not only dwelt upon the  
services of the recipient in North Rus-  
sia, but spoke of the commanding  
work which he had done in Alaska dur-  
ing twenty years' service there when  
he was engaged for almost all the  
time in the work of constructing roads  
and trails. Colonel Richardson has  
been an officer of the infantry during  
his entire army career of forty-three  
years, but like all West Pointers he  
is a trained engineer and it was his  
engineering ability which brought high  
commendation while he was in Alaska.

The writer of this was present at the  
ceremony of decorating Colonel Rich-  
ardson, for the two were classmates  
at West Point. I make no excuse for  
telling something of the services of  
this great soldier of the American  
army, nor do I make any excuse for  
writing of the unintentional delay in  
giving him the Distinguished Service  
Medal which he deserved for his high  
work in North Russia.

The War department does not do  
all things quickly. There are some  
officers to whom it is still the intention  
to give decorations which they  
won for services, but yet who do not  
know the hour, or the day, or even  
the month when they will be conferred.

### Subordinate Decorated First.

It is rather curious to note that  
while Colonel Richardson was recom-  
mended for the Distinguished Service  
Medal as soon as his work in North  
Russia was completed, it was not con-  
ferred upon him until after another  
medal of the same kind had been given  
to one of his subordinates upon the  
recommendation of Colonel Rich-  
ardson, the subordinate having done  
fine work, but of course having done  
it under the direction of his command-  
ing officer. This sort of thing has hap-  
pened in the service on one or two  
occasions, but the authorities are try-  
ing to prevent the repetition of such  
happenings which in their nature are  
grotesque.

Some day the military story of what  
our soldiers did in the Archangel sec-  
tor will be given to the world. There  
were international complications and  
there are still perhaps some interna-  
tional reasons why the military his-  
tory of the American expedition should  
not be told until a little later, but the  
people can be assured that when the  
whole story of this expedition is given  
to the public, it will be one of the  
most interesting chapters of the  
World's war.

### Difficult Work Well Done.

The citation which accompanied the  
Distinguished Service Medal which was  
given Colonel Richardson declared  
that the decoration was conferred for  
exceptional meritorious and distin-  
guished service as commanding gen-  
eral of the American Expeditionary  
Forces in North Russia. Then there  
was added a statement to the effect  
that in his skillful handling of many  
difficult situations Richardson had per-  
formed a signal service for his gov-  
ernment.

In that part of the citation which  
speaks of the skillful handling of  
many difficult situations perhaps it is  
to be found one reason why as yet the  
intimate history of the troubles in  
North Russia, which brought about  
allied intervention, and the subsequent  
appearance of United States troops  
in the northern field, has not been given  
to the public.

The Americans not only handled  
difficult situations skillfully in North  
Russia, but they did considerable  
fighting. General Pershing assigned  
Richardson to the work in North Rus-  
sia, not only because of his known  
ability as an army officer, but because  
he was accustomed to the ways of the  
northern peoples. It may seem a bit  
curious to some persons, but the twenty  
years' experience of this American  
soldier in Alaska was of extraordinary  
value to him when he entered the field  
in North Russia and did his work,  
which was a combination of fighting,  
construction and consultation.

The American soldiers of the Arch-  
angel expedition probably will be given  
a special ribbon for that service.  
They suffered many hardships of var-  
ious kinds and they fought just as  
well as American troops fought else-  
where, and it should be remembered  
that this in large part was after the  
signing of the armistice in Novem-  
ber, 1918.

Wool soaked in a solution of an  
odorless powder invented in Germany  
is claimed to be rendered moth proof  
and to remain so even after frequent  
washing.

## REV. KEISTER ACCEPTS CHARGE IN CINCINNATI

Rev. George D. Keister, of North  
Georgetown, was among the 13 young  
men who were graduated from  
Hamma Divinity school, Springfield,  
Ohio, Sunday evening.

Rev. Mr. Keister has accepted a  
call to become the educational di-  
rector and assistant pastor of the  
First Lutheran church of Cincinnati.  
He will have charge of educational  
work among the Sunday school de-  
partments and in the young peoples  
societies.

Rev. Mr. Keister went to Witten-  
berg from North Georgetown, and  
was graduated from Wittenberg col-  
lege in 1919. He was prominent in  
religious and literary activities while  
in college. Last summer Rev. Mr.  
Keister acted as supply pastor of a  
Lutheran church of Indianapolis.

## INVESTIGATE MORTGAGES IS WARNING TO FARMERS

Real estate agents of Alliance have  
sent a warning to residents of Salem  
and vicinity to investigate carefully  
any mortgages which they are asked  
to accept as payment on their farms.  
The warning comes as the result  
of complaints that mortgages on  
properties in other cities have been  
found to be almost worthless. One  
Sebring man says he was approached  
by an Akron man who paid him \$750  
more than he asked for his farm. The  
Akron man assumed the mortgage on  
the farm and turned over a second  
mortgage on Akron property to the  
amount of \$6,000. The Sebring man  
now says he has found the mortgage  
was almost worthless.

the noted pure food expert, will lead the home-makers' division.

## 187 KILLED IN COAL MINES DURING MARCH

Washington, May 2.—Accidents at  
coal mines in the United States killed  
187 men in March of this year, ac-  
cording to the United States Bureau  
of Mines. An increase of 36 per cent  
is indicated over the figures for  
March, 1921, when 137 coal mine fa-  
talities were reported.

The fatality rate, based upon an  
estimated production of 58,959,000  
tons, was 3.17 per million tons mined  
as against 3.62 for March last year  
when the output was 37,798,000 tons.  
The increase of 56 per cent in the  
tonnage for March, 1922, was obvious-  
ly due to consumers' efforts to in-  
crease their stocks of coal against the  
strike scheduled for the first of  
April.

Statistics prepared by the Bureau  
of Mines during the past nine years  
(1913-1921) show that the month of

March has averaged 291 coal mine  
fatalities with an average produc-  
tion of 48,039,000 tons indicating a  
fatality rate of 4.18 per million tons  
mined. The rate for March 1922  
therefore, represents a decreased fa-  
tality mark of nearly 25 per cent.

## UNCLE SAM TO PROTEST OIL RIGHTS MONOPOLY

Washington, May 2.—If reports are true that the Royal Dutch Shell oil group, British owned, have obtained monopolistic privileges in the exploitation of Russia's vast oil supplies, the United States will make a firm and energetic protest it was learned authoritatively here today.

The United States, it was made clear, has no intention of sitting back and allowing British interest to obtain a strangle hold on the world's oil supply merely because Great Britain is represented at Genoa in the United States is not.

## GIRL KILLED BY AUTO WHILE VISITING AUNT

Akron, May 2.—Nellie Hostetter, 8, of East Liverpool, who has been visiting her aunt, Mrs. Anna Lemley, was killed when struck by a motor truck of the Akron Provision company, near the Margaret Park school.

She died while being taken to the People's hospital.

According to statements of the truck driver and of witnesses the little girl with a number of schoolmates had been standing on the rear step of an ice wagon and she jumped off and ran directly in front of the motor truck.

## IMPROVE REILLY FIELD

The Athletic association of Salem High school will erect a wire fence around Reilly field, replacing the old board fence on three sides which was erected when the land was converted into an athletic field.

Money obtained by the association from football, basketball and membership fees will be used to defray the expense.

## THREE MEN ARE KILLED! WHEN EXPLOSION BLOWS BIG ENGINE TO PIECES

Schenectady, Pa., May 2.—Three members of the crew on a Baltimore & Ohio railroad fast freight train were killed early today when the locomotive was blown to pieces by an explosion at Fairhope. The cars following the engine buckled and were destroyed by fire that followed the explosion.

The explosion occurred while the train was moving at high speed. The locomotive, one of the largest on the B. & O. system, was literally blown to bits.

## JUDGE NICHOLS REFUSES TO ENTER POLITICAL RACE

Cincinnati, May 2.—Judge Hugh L. Nichols, former chief justice of the Ohio supreme court, exploded a veritable bombshell in local political circles by making a definite announcement that he will not be a candidate for the Democratic nomination for governor. Political experts here had regarded it as a foregone conclusion that Judge Nichols would announce his candidacy after the Grant centennial celebration at Point Pleasant of which he was chairman.

## SALEM LEGIONNAIRES WILL HEAR MACNIDER

Charles H. Carey post No. 56, American Legion, is planning to send a delegation to Canton Monday evening, May 22, to attend a meeting at which Hanford MacNider, national legion commander, will speak.

Commander MacNider is making a general inspection tour through the country and Canton will be the nearest point to this vicinity. His visit in that city will be a big event for legion men and delegations from nearby cities and towns are expected to go there.

## WEALTHY FARMER SHOT, POLICE DETECT SUICIDE

Chicago, May 2.—With a will dispossessing of a \$100,000 estate in his pocket, W. S. Russell, wealthy farmer at Dillsburg, Pa., was found dead in Grant park here today. A bullet wound through the heart, was the cause of his death and police believe the wound was self-inflicted. Identification was made through the will and several insurance policies found in his pockets.

## Navy To Develop Great Fleet Of Aerial Warhips

Washington, May 2.—Great aerial war fleets will be developed by the American navy to place it on a par with the sea forces of Great Britain, it was revealed today before the senate naval appropriations committee.

An appropriation of \$9,000,000, urged by Secretary of the Navy Denby, will be used to create a new aviation base on the Pacific coast and in acquiring great naval air fleets ready at an instant's notice to give battle to invading sea fleets.

He's Some Heartbreaker. He Tells The Police.

"Fast, furious and frequent" is the method employed by John Lawrence Le Clair in wooing women, he told Poughkeepsie (N. Y.) police, following arrest on charges of bigamy. He is said to have eight wives. In telling of his love-making escapades with 78 women since Jan. 1 Le Clair told officers that he doesn't draw the line—blonde, brunette, tall, small—they all fall for me!

## Mayo Bigamy Trial Called At Last

After a delay of nearly three years the trial of Virginius P. Mayo, wealthy New Haven radio manufacturer, is being held in New York. Mayo was arrested in 1919 on a charge of alleged bigamy. His accusers claim he lived in Brooklyn with Mrs. Lois Waterbury Mayo. He was divorced by Mrs. Florence Weeks Mayo, who charged him with duplicity.

## OBITUARY

## Infant Huston

Word has been received here of the death of the two-year-old son of Mr. and Mrs. Emory Huston at Augusta. Mrs. Huston is a daughter of Mr. and Mrs. Bert Gamble, formerly of Salem, now residing in Alliance. She is a niece of George W. and D. H. Gamble both of Salem. Funeral service for the baby will be held at the residence in Augusta at 1 p. m. Wednesday, the body to be brought to Salem for interment at Hope cemetery.

## WOMEN FINDS STOLEN MAIL POUCH IN FIELD

Akron, May 2.—Called to a vacant lot near Talmadge early today where a woman gathering dandelions found a mail sack, Sheriff Hutchinson obtained possession of the sack which had been sent out of the Kent (O.) postoffice. It had been slashed open and apparently sorted. All letters were first class mail and bore April 26 dates. The mail was designated to points in Portage county and to the east.

## CHAUTAUQUA

(Continued from first page.)  
ture on Chautauqua's third afternoon, "Friendly Enemies," one of the greatest play successes of recent years, will be staged on the third night by a cast of New York players. The light opera "Mikado," with a company of 25 people, will be presented on the fifth night by a Broadway personnel.

Musically, this season's program is sure to score heavily, for in addition to the features already enumerated, there will be a closing night recital by Knight MacGregor, New York baritone, and assisting artists; a double program by the Lillian Johnston Company, and the Keller Sisters of Pasadena, Calif., in a musical lecture illustrated with original compositions.

Montville Flowers, with few rivals for leadership in the lecture field, has been secured for Chautauqua's fourth night, "America Looking Ahead" is his theme.

Another headliner in this department of Chautauqua is Dr. Charles S. Medbury, one of the west's most noted pulpit orators. Of an entirely different type is Dr. Jesse H. Holmes who discusses current events, taking his cue from newspaper headlines.

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The First National Bank of Salem" located in the city of Salem in the county of Columbiana and state of Ohio, has complied with all the provisions of the Act of Congress "to enable National Banking Associations to extend their corporate existence, and for other purposes," approved July 12, 1882, as amended by the Act, approved April 12, 1902.

Now, therefore, I, Thomas P. Kane, Acting Comptroller of the Currency, do hereby certify that "The First National Bank of Salem" located in the city of Salem in the county of Columbiana and state of Ohio is authorized to have succession for the period specified in its amended articles of association; namely, until close of business on April 9, 1942.

In testimony whereof witness my hand and seal of office this eighth day of April, 1922.

T. P. KANE  
Acting Comptroller of the Currency.  
Charter No. 43.  
Extension No. 1464.

## SUMMER SCHOOL WORK AUTHORIZED BY BOARD

A motion authorizing teachers to conduct summer school for students who wish to make up school work was passed Monday night by the board of education.

Teachers serve without pay from the school board, deriving their income from tuition paid by students. Four teachers have been associated with summer school work in the past and it is expected that a like number will be interested this summer in advancing the students who have studies to make up. An average of 25 high school and 25 grade pupils attend summer sessions.

"You Are Very Welcome, My Boy"

With quivering voice, well disguised, Agatha greeted her blind guest, and put into his groping fingers not her own firm, warm young hand, but the wrinkled one of her old cousin. Why did Agatha wish to make this handsome youth believe she was a decrepit old lady? You should see what fun and complications dauntless young Mistress Agatha got herself into when she masqueraded as her own great aunt, and pulled the wool over her guest's already blinded eyes, before a sudden shock restored his vision and enabled him to detect her camouflage.

## MARK TWAIN FILM

Riot of Amusement  
By our Film Correspondent.  
(From the London Daily Mail)  
Two new films, one of them as funny as anything that has come here from the United States, were shown to the trade yesterday.  
"A Connecticut Yankee in King Arthur's Court" has been made by the Fox Film company from Mark Twain's book. Considerable liberties have been taken with the great American humorist, but the result justifies them. The thing is riotously amusing more entertaining even than Charlie Chaplin.  
The basic idea is one of those topsy-turvy inspirations which bubble with humor. A young American goes to sleep and dreams that he is in ancient Britain at the Court of King Arthur and the Knights of the Round Table. He proceeds to make the court, what America will be like "a thousand years hence." The machinery, "clocking" in to and out from work, cimeters, pistols, a new sort of Wild West tournament at which the hero beats the lance a horse car motorcycles and the telephones are some of the "magic" matters he introduces to A. D. 528. It is a very long time since one saw anything more fun and fantasical than Sir Lancelot and his knights setting out to the rescue on a Ford car and scores of motorcycles.  
At Grand Tuesday, Wednesday and Thursday. 103h

## SEE CAPITAL AS CONVENTION CITY

CITIZENS OF WASHINGTON ARE BEGINNING TO REALIZE POSSIBILITIES.

## AUDITORIUM TO BE PROVIDED

Building Capable of Accommodating Any Number of Visitors to National Gathering Is to Be a Matter of the Near Future.

Washington.—Advantages of the national capital as a convention city for business organizations were impressed deeply on the minds of several hundred delegates to the midwinter meeting of the National Association of Real Estate Boards during their stay in this city as guests of the local board.

The overwhelming entertainment afforded by the Washington realtors for the visitors, coupled with the beauty of the capital, won the heart of virtually every delegate and unstinted praise was sounded by these men as they departed to their homes.

Don D. Goss of Chicago, director of research for the national association, whose duty it is ordinarily on such occasions to precede the delegates to the meeting place and arrange for the convention, on arriving here found that officials of the local board had made complete arrangements for the entire series of sessions.

Every desire of the visitors was anticipated and met in advance through a well-arranged program of hospitality and entertainment, in which all the members of the board and a good many of their wives took part.

Many of the delegates did not hesitate to state that the banquet tendered the executive committee by the local realtors eclipsed any function of the kind ever participated in by the committee as a whole. The elaborate souvenir menus, containing colored photographs of the armistice day lighting effects and of the Lincoln memorial, were preserved as a memento of the affair by the guests.

Auditorium Is Great Need.  
In desiring to cater to every want of the visitors, representing leading realty interests of the country, the local board had in mind something more than being considered an able host. The knowledge that in the near future Washington will be equipped with an auditorium capable of accommodating the entire membership of the National Association of Real Estate Boards in annual convention was an impelling motive, it is understood.

Washington has never been selected as the convention place of the whole organization, due to lack of auditorium facilities here, it is pointed out. The convention last year in Chicago was said to have been the largest gathering of business men in the history of the country. Only cities with halls large enough to hold the vast assemblages of realtors have been fortunate enough to be selected as the annual meeting place.

The convention this year will be held in San Francisco, beginning May 31 and lasting through the first week in June. An idea of the program of such a convention is given in the following announcement concerning the June meeting:  
"Few addresses are to be made before the general sessions of the convention. In fact there will be few general sessions. The greater part of the program will be taken up with conferences on important subjects, such as financing building, city zoning, subdivisions, farm lands, state regulations and similar subjects. It is to be known as a dotted line convention, which to a realtor means 'brass tacks' or business first."  
"Among the entertainment features that have been arranged by the San Francisco board are a boat trip around the bay to various points of interest and out through the Golden Gate into the Pacific; an oriental ball, a feature of which will be a dancing contest to be participated in by realtors and their families, and after the close of the convention a golf tournament."

Strengthen International Ties.  
Mrs. Charles Evans Hughes has become the honorary chairman of the newly created committee of international relationships of the General Federation of Women's clubs, it is announced.  
Mrs. Horace Mann Towner is the national chairman, and is directing the affairs of her committee from her home in Washington.  
"The purpose of the committee on international relations will be to foster, in every way possible, a closer acquaintance and more sympathetic understanding between the women of the various countries," Mrs. Towner said.  
"Only through this acquaintance and understanding can women hope to hasten the time when mental disarmament will make possible permanent peace."  
"The committee will try to help in creating among women of this and other countries," Mrs. Towner continued, "an enlightened public opinion which will strengthen the demand for arbitration, for an international court and for other means. To work toward this, and to make stronger the bonds of friendship and fellowship between the women of America and those of other countries, will be the task of the new committee."

## LONG DEBATE ON TARIFF EXPECTED

SENATORS, HAVING GOT THEIR SECOND WIND, ARE LIKELY TO TALK AT LENGTH.

### HOUSE BILL MUCH ALTERED

New Industries, Created by the War, Are Cared For—Rejection of American Valuation Will Be Contested by the House.

By EDWARD B. CLARK

Washington.—Congress reluctantly seems to have settled down into the seat of conviction that it must stay here all summer to discuss the tariff bill. The house passed the bill and the senate committee on finance received it, and then proceeded to the task of recasting. It has been reported to the senate and the lagging debate is on.

In a general way it may be said that the customs rates of the bill are somewhat higher than those of the Payne-Aldrich law, which was the last customs measure enacted by a Republican congress. The bill, when it goes into effect, will supersede the Democratic law produced by what is known as the Underwood-Simmons bill.

It is a sheer impossibility, unless one chose to take up every available inch of space of a newspaper issue, to discuss the various pros and cons of this new measure. The thing for men and women to do who happen to be interested in any specific items in the tariff bill is to send to their individual representatives in congress and to ask for copies of the house and senate measures, and in them look up the particular thing which is of personal or professional interest.

There are certain virtually new industries which are given recognition in the measure. Most of these industries, at least in an active form, were the creation of the war, and today seemingly consideration of them is vital to the industrial independence of the American people, at least so says the majority report of the senate finance committee.

These new industries include coal tar dyes and medicinal products, hemp, staple cotton, the Wisconsin hemp industry, magnesite and potash mining industries, walnut, almond and citric acid industries in the West and new chemical and optical glassware manufactures.

### American Valuation Rejected.

The senate committee made many changes in the house bill. The most marked is that which rejects the provision for American valuation and which substitutes a plan of assessment on foreign valuation. This change, if it shall be sanctioned by the senate, will cause a long drawn-out controversy between the two houses when the bill goes to conference. There is no attempt here to pass judgment on the wisdom or unwisdom of either scheme of valuation. American students of economics must judge for themselves.

It is admitted that previously in writing on the subject of the tariff it was intimated that the senate might put the bill through fairly quickly, because the senators are dead tired of talking. However, they seem to have taken a second breath and a second thought in the matter and the chances are that the debate will be long and perhaps be of a nature to admit of the use of the old-time expression "long and furious."

It is understood that the wool schedule may cause trouble. In the Payne-Aldrich days the wool item was known as Schedule K, and the people heard and read more about Schedule K than they did about all the other schedules in the entire length and breadth of the customs measure. It was Schedule K which was productive of both acrimony and humor in the elder day of Mr. Payne and Mr. Aldrich, both of whom have gone to their reward.

### New Duty on Yeast Bread.

It may be of interest to the agriculturists who have not seen the bill to know that there is a duty put on yeast bread, the first duty of this kind ever imposed. This is said to mean that a Canadian baker at Windsor, which is on the river just across from Detroit, and a Mexican baker on the border just across the Rio Grande, will find their products taxed 15 per cent when they cross the line into the United States. The house left bread free. Just as it was in the Underwood law. The senate has made the change in this tariff.

The house put a duty of 60 per cent on oatmeal. The senate has raised this duty to 90 per cent. The wheat rate is 5 cents more a bushel in the senate bill than in the house bill, the senate rate being 35 per cent. Under the present law wheat comes in free.

Long staple cotton, which has always been free of duty, is assessed at 7 cents a pound. This is 8 cents less than the rate asked for by the direct representatives of the agricultural interests. Short staple cotton remains on the free list.

The reason that a tariff debate lasts so long in the senate is that each section of the country is interested in some particular item in the bill, and as a result the senators representing the interested sections desire to speak at length on those things which concern their constituents.

A chemist has developed a process for producing tartaric, citric, lactic and succinic acids from benzene. Persons who want anything know that The News is the Want Medium in this territory. So read it.

## NEWLY WEDS RUSH TO CAPITAL CITY

WASHINGTON ENTERTAINS MANY BRIDES AND GROOMS FROM ALL OVER COUNTRY.

### GUIDES GLAD TO SEE THEM

Hotels and Business Houses Also Profit From Their Liberal Expenditures, but the President's Right Arm Must Grow Weary.

Washington.—They wait until after Easter to get married, and then they come to Washington. A few are here now, and the lily that tolls not and spins not is not arrayed like the one-half—the better half—of these.

The guides, as they come in couples, call these visitors simply and briefly the B's and G's, for brides and grooms is too long an expression to be uttered every 30 seconds by the watch without tiring.

They are coming from all over the country. There are those who have been married at St. Somebody's church, New York, with all the paraphernalia and accoutrements that apparently manufacturers or benefactors of great wealth can attach to them, and there are those who have been married at the crossroads' church in this state or that state, and while they are all happy, the country B's and G's seem to have the best of felicity. Washington is the better for these visitors, for they keep everybody good-natured by sheer force of their conscious attempts to appear unconscious.

There is no wonder at all that the B's and G's like to come to Washington in the spring. Much has been written before about the Beauty of April and May in the capital, but natural beauty is the one object that does not stale. They have some sort of a flower festival occasionally in southern California. Washington's flower festival begins with the snowdrops in late February and will end with the last of the roses at Thanksgiving time.

**Liberal With Their Money.**  
Of course it is not the flowers that bring the brides and grooms to Washington. Orange blossoms are enough for them. They come here for the most part to see the place and to get lost in the crowd of their own kind, to be inconspicuous among a multitude of the conspicuous. The guides welcome them, for a bridegroom is liberal.

Washington never suffers from any great monetary inconvenience, and it matters not whether there are financial panics elsewhere or not. This fact, in part, is made possible by the sight-seers, the brides and grooms among them who have come to Washington with open purses, and are willing to pay good prices, although it would not be entirely proper to say that Washington knows how to take the stranger in.

There has not been a vacant room for any length of time in any hotel in this city for some weeks. Congress is here; the daughters of the American Revolution are here; the country's newly-weds are here, and some thousands of other people are here. It is hard to make headway through the corridors of the capitol. The rotunda is crowded to its rounded wall; Statuary hall holds the people massed; the galleries of the house and senate are filled through the most tedious debates, and the Supreme court room, always stuffy, is suffocating on the days of its sessions.

It may be in the future that congress will relieve the President of the United States of what he feels to be his duty, to shake hands with about one-third of the members of the spring visiting multitude. Strangers here who manage to reach the President's outstretched hand are those, in the main, who go to the representative of the home district and ask him to see that they are allowed to reach the "presence chamber."

**President Greets Many of Them.**

It is probable that just about one-third of those who come to Washington do this, and as no representative dares to decline to do the honors for fear of losing votes, he either takes his home people over to the White House, or sends them there with a letter, thus giving them an opportunity to say "Good morning" to a man who, no matter how he may feel, makes each visitor believe in his or her heart that the President of the United States would have been desolated if he or she dared to venture to leave Washington without making a personal call at the White House. What a world this is!

Congress would not be compelled to pass a law to save the President of the United States two hours of his hand-working time in the months of May, June, July, August, and September. All that congress would have to do would be to hold a caucus and pass a resolution to the effect that the public business was suffering from too much handshaking. Then copies of the resolution would be forwarded to the home papers for printing on the first page next to reading matter—and the whole thing probably would be done.

It should be understood, however, that neither the White House, the capitol, nor Washington is complaining about the brides and grooms, or any other visitors.

It will bring good luck to the bride to have some one secrete some hair-loom of her family in the trunk she takes away with her.

### LEETONIA

The funeral of James Mullin of Salem was held Monday morning at St. Patrick's Catholic church in Leetonia in charge of Father Kirby. Interment in Mount Calvary cemetery. Mr. Mullin and family moved from here to Salem about a year ago. His death followed several months of suffering from cancer in the face. He is survived by his wife and four children.

A large number were present at the Parent-Teacher association Friday evening at the M. E. church, when the following program was given: Music, followed by Mrs. Raymond Smith who sang a solo which was much appreciated; Prof. Bruce Baxter of Mount Union addressed the meeting.

Rev. David Campbell of Edgerton, preached at the Presbyterian church Sunday. Rev. Campbell may be a candidate for the pastorate as the charge is vacant.

Word was received here the last of the week that John Ready had died in Detroit. Those attending the funeral from here were Mr. and Mrs. Patrick Ready, Mr. and Mrs. Walter Riles and Mr. and Mrs. John Gallagher.

John Scully visited in East Palestine last week, a guest in his brother's home.

Mrs. Louis Atkinson and children of Washingtonville were weekend guests of her parents, Mr. and Mrs. Alfred Grace at their home in the West End.

Word has been received from Lester Halverson, who went to Colorado some months ago in the hope of regaining his health, that he is now gradually improving.

The chemistry class and their instructor, A. K. Abright of Columbiana, made a tour of inspection to the Cherry Valley plant of the Hanna Furnace company in Leetonia the latter part of the week.

The stork visited several homes here during the past week, leaving a daughter with Mr. and Mrs. Frank Schultz who was named Alan; a son in the home of Mr. and Mrs. James Detrie, he will answer to the name of Fred; a son with Mr. and Mrs. Thomas Senior at their home just north of Leetonia, a son to Mr. and Mrs. William Hamahan.

## Report Gains In Production Of All Lines

Fundamental Conditions Are Better, Commercial Reports Show.

Washington, May 2.—An immediate business boom in the United States is unlikely because of Europe's tardy economic reconstruction, but fundamental conditions are much better and there is every reason to believe that they will continue to improve steadily, though slowly.

This was the opinion expressed today by officials of the department of commerce, basing their prediction on reports of increased production, more stable price and larger export trade.

Because adequate statistics were not available on the distribution of manufactured commodities, it was impossible to tell whether the bulk of these goods were moving into the hands of consumers or were going into stocks. Commercial trade reports, however, give indications of improvement.

Officials pointed out today in discussing encouraging business reports, that Europe's commercial and industrial readjustment since the war had been far behind the development in the United States and that a boom was practically impossible because such movements are world-wide in their scope.

But while Europe continues to struggle with economic reconstruction, improvements in the United States are noted by a department of commerce report as follows:

**Improvements Noted**  
1. Textiles—Imports of union manufactured wool in March showed a big increase over recent months, the total of 42,071,000 pounds being the largest since the emergency tariff went into effect in April 1921. Receipts of domestic wool were also exceptionally heavy and exports of cotton cloth increased nearly 50 per cent over February.

2. Iron and steel—Total exports in March were the largest since March of last year and there was also a big increase in imports.

3. Non-ferrous metals—With a total of 80,853,000 pounds, copper exports showed a marked gain over recent months and registered the largest total for any month in nearly

two years. Tin and zinc exports were also larger.

4. Automobiles—The production in March was the largest of any month in the year.

5. Fuels—Petroleum industry setting new high records in all directions, stocks amounting to 220,223,000 barrels which is far in excess of anything heretofore recorded.

6. Newsprint—Output larger with prices relatively steady and exports showing a marked increase.

7. Building material—Production and shipments of lumber, brick, cement and other materials increased in response to greater volume of construction.

8. Foodstuffs—Remarkable increase recorded in exports of wheat, flour, corn, oats and cold storage products.

Wholesale prices, it was stated, seem to be stabilized at an average of about 50 per cent above the pre-war level, though slight increases have been noted. Retail prices, on the other hand, continue to decline. The greatest drop has been in the cost of food, although other items decreased slightly.

Canton — Mrs. Catherine Morgan, police matron, will be dismissed from service following a hearing of her case before Judge Newcomer, who refused a writ of mandamus allowing her to resume her duties.

Youngstown — One piece bathing suits will not be permitted in the parks here this season. Bathing suits must cover the body from the shoulder to the knee.

## SURE TO HELP SICK WOMEN

Mrs. Baker, So Much Benefited by Lydia E. Pinkham's Vegetable Compound, Anxious to Help Others

Lebanon, Indiana.—"I was completely run down from women's troubles and stomach trouble and for a long time was hardly able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I know what it has done for me and I recommend it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph."—Mrs. EMMA BAKER, 319 S. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Baker calls it "a wonderful medicine." If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Baker and many, many other women.

## LISBON WINS FIELD MEET FROM ALLIANCE BY 3 POINT MARGIN

Lisbon, May 2.—It took the relay race, the last on the program, to determine the victor in the athletic contest between Lisbon and Alliance High at the fair grounds here Saturday afternoon. Coming up to the event, Alliance led by two points. Lisbon won the relay and took the meet by three points—58 to 55. The events follow:

220 hurdles — Orr, Alliance, 1st. Lewton, Lisbon, 2d, Anderson, A. 3d. Time 28.3.

High jump — Manchester, A. 1st. Yeagley, A. 2d, Nevin, L. 3d. Height 5.3.

Shot put — Kline, A. 1st, Tritten, L. 2d, Hoppes, A. 3d. Distance, 34.11.

100 dash — Gorsuch, L. 1st, Hoppes, A. 2d, Lewton, L. 3d. Time 19.4.

Half mile — Holmes, A. 1st, Mangus, L. 2d, Vaughan, A. 3d. Time 2:17.

Discus — James, A. 1st, Lewton, L. 2d, Hicks, A. 3d. Distance 95.6.

220 dash — Gorsuch, L. 1st, Forney, L. 2d, Woods, A. 3d. Time 24.3.

Pole vault — Kirk and Lewton, L. divide 1st and 2d, Harding, A. 3d. Height, 10.11.

Broad jump — Gorsuch, L. 1st, Orr, A. 2d, Hammond, A. 3d. Time, 5.7.

Javelin — Hopkins, A. 1st, Armstrong, L. 2d, Wilcoxen, A. 3d. Distance, 139.6.

Mile run — Grisez, A. 1st, Mangus, L. 2d, Vaughan, A. 3d. Time, 5:17.

Then came the relay, Lisbon winning by a wide margin, and thus winning the meet.

## SOX RECRUIT PITCHES SIXTH PERFECT GAME

Chicago, May 2.—Chicago baseball fans are paying homage today to a new immortal. He is Charlie Robertson, recruit White Sox pitcher, who achieved undying fame by pitching a no-hit, no-run, no-error game against the Detroit Tigers Sunday.

Robertson's perfect game is the third that has been pitched in the major leagues in modern times. On May 5, 1904, Cy Young, the famous pitcher of the Boston Red Sox, turned the trick against the Athletics.

Addie Joss of Cleveland, twirled a perfect performance against the White Sox on Oct. 2, 1908.

Records show that on July 15, 1876, George Bradley, pitching for St. Louis against Hartford, achieved a perfect game; John Richmond of Worcester entered the list against Cleveland on June 12, 1880, and five days later, June 17, 1880, John M. Ward of Providence turned in a perfect contest in a game with Buffalo.

Robertson's achievement was the sixth of its kind in the history of major league ball and the first in 14 years.

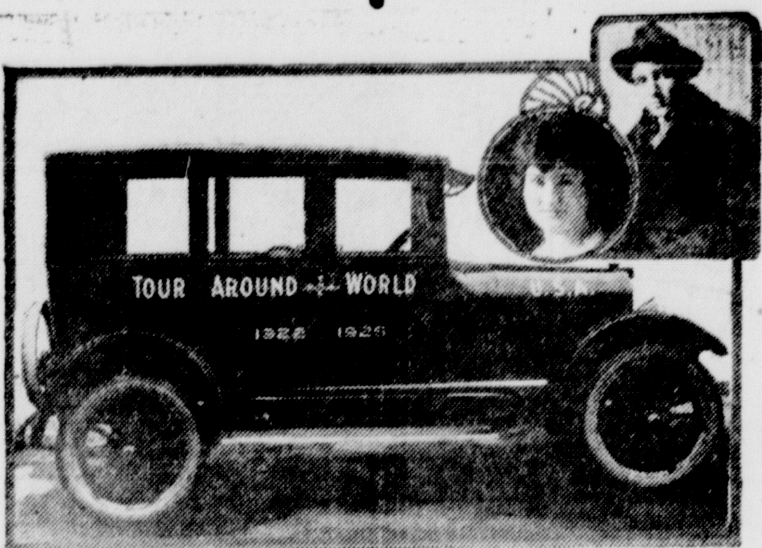

Robertson is making his third try for a regular berth with the Sox. Twice before he has been farmed out to the minors. Last year he was the star of the Minneapolis club of the American association. His home is in Texas. Indications are that Robertson will remain with the Sox this year.

## Clothes Torn In Berlin Scramble To Hail Dempsey

Berlin, May 2.—If Georges Carpentier defeats Ted "Kid" Lewis of England in their forthcoming battle in London, Champion Jack Dempsey will be willing to fight Carpentier again, this time in Europe, according to a declaration made here today by Jack Kearns, manager of Dempsey.

It develops that Dempsey, who is known as the "cave man" by reason

## ARRANGES HONEYMOON TRIP AROUND THE WORLD

A trip around the world starting the afternoon of their wedding day is the honeymoon of J. J. Jeffreys, editor and publisher of the Columbian Ledger, has arranged for his fiancée, Miss Pauline Lucia Mayo of Omaha, Neb. The marriage will be celebrated June 10 and that afternoon they will start on their trip, expecting to return in the summer of 1924.

Miss Mayo is a reader and entertainer known in Chautauqua and youth work. Mr. Jeffreys is a graduate of Mt. Union college.

Here is the schedule Mr. Jeffreys has outlined for their trip:

1922  
June 1—Leave Columbian, Ohio.

June 2—Land at Lisbon, Portugal.

June 3—Gibraltar, Spain.

July 15—Barcelona, Spain.

July 30—Marseilles, France.

Aug. 4—Lyons, France.

Aug. 7—Dijon, France.

Aug. 15—Strasbourg, Alsace.

Aug. 20—Pass through Baden, Province.

Aug. 23—Pass through Wurtemberg Province.

Aug. 25—Obermagau, Bavaria, visit the Passion play.

Sept. 5—Start back to Paris, France.

Sept. 7—Pass through the Hesse, Province.

Sept. 8—Strike the Rhine river and follow it to Coblenz.

Sept. 12—Coblenz, Germany.

Sept. 17—Start down the Moselle headed for Paris, France.

Sept. 20—Spend a few days in beautiful Luxembourg, Capital of Province.

Sept. 25—Spend two weeks on the old battle fields.

Oct. 20—Paris spend two weeks.

Nov. 30—Harve, France, ready to cross channel.

Dec. 1—South Hampton, England.

Dec. 5—London, establish headquarters for the winter and work out to all parts of the empire.

1923  
March 15—Start for Brussels, Belgium.

of his brute strength, is interested in this. This was revealed by Kearns when he said:

"Jack is here on a pleasure trip and not for business. He wants to see the art galleries that he has read so much about. He will leave for London Wednesday to see the Carpentier fight. In the event the Frenchman wins Dempsey is willing to meet him in the ring in Europe. Eventually Dempsey will fight in Germany if the opportunity offers."

Commenting upon the enthusiastic reception given to Dempsey on his arrival here on Sunday when thousands of men, women and children participated, the Montag Post said:

"The American prize ring champion received a reception fit for a sovereign."

There were turbulent scenes about the Zoological station where women fainted and were trampled while trying to get near enough to Dempsey to present him with flowers. Men and women had their clothes torn off in the crush. Finally it was necessary for the police to rescue Dempsey and escort him to his hotel.

RED COW UNDER SUSPICION

Silly English Superstition That Her Milk Would Make the Hair of Baby Red.

A director of a London dairy company told a correspondent recently at a dairy show a circumstance illustrating a belief that existed not long ago in connection with a cow's milk.

It was in the days when many London dairies kept a few cows at the back of the establishment, partly to give the impression that the daily milk supply was all derived from these cows, or to enable the proprietor to meet the wants of his customers in special cases for infant feeding. The shop had been closed for the day, when a woman called to ask for new milk for a baby. This was supplied.

Shortly after the woman called again and asked: "Can you tell me the color of the cow you took that milk from?"

The owner of the establishment said he was not quite sure, but would go and see. He went and returned saying: "It was a black cow, but why do you want to know?"

"Well, sir," she replied, "if it had been a red cow my mistress would have asked you to change the milk, as the baby would then have had red hair, and she does not want that."—London Morning Post.

"COLD IN THE HEAD"

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn or corn between the toes, and the callouses, without soreness or irritation.

## Seasoned Autoist.

Virginia is three and one-half years old. She calls herself "Buddy." Her father owns an automobile. The other day while the family was enjoying a ride, traveling at a rapid speed, the auto struck a large bump. So violent was the jolt that it seemed as if every spring would break. As the car rolled on Buddy, seated beside her father, looked up at him with large, round blue eyes and said: "Daddy, why don't you say dammitohell?"—Indianapolis News.
